CAREER OBJECTIVE

Driven Computer Science graduate and Next.js developer with hands-on experience building scalable web apps and SaaS tools from scratch. Seeking to apply my expertise in modern frontend frameworks and UI design to deliver high-quality, production-ready solutions for a dynamic team.

WORK EXPERIENCE

Founder & Lead Web Developer

[PromptPlease](#) • Feb 2026 – Present

- Conceptualized, designed, and developed PromptPlease, a creator-first platform built to solve challenges in the AI content ecosystem.
- Engineered a high-performance, SEO-optimized frontend architecture using Next.js and React.
- Designed a modern, atmospheric UI/UX using Tailwind CSS, implementing smooth micro-interactions with Framer Motion.
- Handled the end-to-end product lifecycle from initial architecture and database design to production deployment and performance optimization.

Frontend Engineer

[Ziaftra.in](#) • Jan 2026 – Present

- Spearheaded the frontend engineering and UI/UX design for Ziaftra.in, creating a premium digital agency platform.
- Designed and developed a highly interactive, atmospheric user interface using Next.js, React, and Tailwind CSS.
- Engineered and integrated a custom AI-powered chatbot directly into the platform to enhance user engagement and automate client inquiries.
- Optimized the entire application for maximum performance, SEO, and seamless cross-device responsiveness.

Co Founder & Lead Web Developer

[Rahiway](#) • May 2026 – Present

- Led the technical development and UI/UX design for Rahiway, India's AI-powered co-founder matching and startup collaboration platform.
- Architected a scalable, high-performance frontend application using Next.js, prioritizing seamless user experiences and fast load times.
- Integrated AI-driven features to facilitate intelligent matching and communication between student entrepreneurs.
- Developed dynamic, fully responsive user interfaces using Tailwind CSS and modern web development best practices.

PROJECTS

[ScreenshotAF \(CLI Automation Suite\)](#)

Jul 2026 – Present

Developed an open-source CLI and automation suite for capturing high-fidelity, studio-grade video and screenshot assets. Engineered features including automated MP4 conversion, JPEG compression, and full-page web capture modes. Designed a brutalist-inspired marketing landing page to position the suite for B2B enterprise consulting.

Engineered a high-performance personal portfolio website using Next.js 15 and React. Designed a unique, brutalist-inspired user interface utilizing Tailwind CSS, custom typography, and dynamic scroll animations via Framer Motion and GSAP. Implemented advanced SEO optimization, dynamic OpenGraph metadata generation, and an embedded AI chatbot for interactive visitor engagement.

[Stories by Fayz – Digital Storytelling Platform](#)

Jun 2026 - Present

Developed a custom digital platform to showcase creative storytelling, short filmmaking, and digital arts. Built the frontend application focusing on high-fidelity visual asset delivery, responsive image optimization, and seamless media integration. Established and codified a tiered "Open Blueprint" collaboration policy directly into the site architecture.

SKILLS

Next.js

React

TypeScript

JavaScript

Tailwind CSS

Framer Motion

GSAP

Three.js

PostgreSQL

SQL

Express.js

Node.js

MongoDB

UI & UX Design

Cursor (GenAI)

Vibe Coding

Git & GitHub

Vercel

Flutter

REST API

Prompt Engineering

EXTRA CURRICULAR ACTIVITIES

Competitive Chess Player

Active chess player continuously studying game theory, strategy, and pattern recognition. Apply the analytical thinking, foresight, and complex problem-solving skills developed through chess directly into architecting software and debugging code.

Creative Director at "Stories By Fayz"

Manage an independent creative project focusing on storytelling, digital media, and creative direction. Establish aesthetic guidelines and open-blueprint collaboration policies for visual assets, blending technical web development with creative media production.

EDUCATION

Master of Computer Applications (MCA)

Lakshmi Narain College of Technology, Bhopal • 2026 - 2028

Bachelor of Science (B.Sc), Computer Science

Maharaja Chhatrasal Bundelkhand University • 2022 - 2025 • CGPA: 7.38/10
